

Non-NHS Fees Information

- Private work carried out by the GPs is not part of their contract or classed as an essential service and therefore is chargeable at rates set by each GP Practice.
- Work is accepted at their discretion. GPs are under no obligation to complete private work and fees are reviewed on an annual basis.
- Full payment needs to be made at Reception before your appointment can be booked, letter typed or report completed etc.
- We can only accept cash; you can pay at either of our sites.
- PLEASE NOTE THAT NO APPOINTMENTS WILL BE MADE OR REQUESTS COMPLETED WITHOUT PRIOR PAYMENT.
- Once payment is received, please allow a minimum of 10 working days for completion of your request. Our staff will advise you when it is ready to collect.
- Fees generally will be a minimum of £25 but can exceed £195. Please bear this in mind before making your request and please do not expect the GP to process requests overnight - if you require work to be completed within a short timescale this may result in an increased fee at the discretion of the Practice as to whether this is feasible within current workload and staffing.
- All patients who request taxi medicals or any appointment where forms need to be completed, please note that it is your responsibility to complete any sections relevant to you on the form before coming to see the GP, as there will not be enough time at the appointment to do so and may result in having to reschedule your appointment.
- Forms should not be emailed to us or left at our reception desk without your section(s) being completed
